AUSTRALIA'S FAVOURITE WATER HEATER 

SAVE UP TO 75% ON YOUR HOT WATER COSTS!

Conventional water heaters can account for up to 35% of your total household energy bill, and contribute significantly to your home's carbon footprint. When the time comes to replace your water heater, it makes sense to upgrade to a more efficient and environmentally friendly solution to provide your home or business with fast reliable hot water.

Like most other appliances, an increased focus on energy efficiency over the past 20 years has led to significant advancements in hot water systems. So don't just replace it with what you've always had – **REPLACE IT WITH SOMETHING BETTER!**

THE EVO270

The Evo270 is the next evolution in water heating, with advanced energy efficiency technologies and built in smart features to ensure you're provided with clean, safe, and economical hot water all year round.

Unlike traditional water heaters that use 1kW of energy to produce 1kW of heat, the Evo270 utilises that very same 1kW of energy and heat pump technology to generate 4kW of heat...

SAVING YOU UP TO 75% OF YOUR HOT WATER COSTS!

**A HEAT PUMP
EXTRACTS ENERGY

INSTALL NOW & SAVE

Not only will it save you on electricity - the Evo270 is also registered with the Australian Federal Government Clean Energy Regulator as an energy efficient water heater. Once installed, you could also be eligible to receive up to \$1,000* towards the costs of your system! *Actual amounts will vary

| Climate Zone | Certificates (STCS) |
|--------------|---------------------|
| ZONE 1 | 25 STCS |
| ZONE 2 | 25 STCS |
| ZONE 3 | 30 STCS |
| ZONE 4 | 32 STCS |
| ZONE 5 | 32 STCS |

IDEAL FOR ANY HOUSEHOLD & COMMERCIAL APPLICATIONS

Compact in size, yet powerful enough to supply hot water for up to six people in a domestic application, and is equally at home for use in many commercial applications such as in resorts, hotels and motels, restaurants and retail outlets.

The Evo270 is a stylish compact all in one system. There are no roof panels, no additional components to assemble on site, and no extra parts or pipes required. This results in a simple and cost-effective upgrade when installed to the same location as your existing water heater.

-  **Vacation mode**
-  **Quiet operation**
-  **Intelligent control with built-in timers**
-  **Hydro-power booster**
up to 105L of hot water p/hr
-  **Simple operation**
-  **Auto Defrost**
-  **LCD touch screen controller**
-  **Reliable, stable hot water, independent of the weather**
-  **Blue diamond enamel coated tank**
-  **Stable performance from -7°C**
-  **Horizontal airflow**
-  **Extremely energy efficient**
-  **Easy installation & compact footprint**
-  **Ideal to work with solar PV**

MOST REVIEWED, MOST AWARDED & HIGHEST RATED

PRODUCT REVIEW .COM.AU **2021 AWARDS WINNER** **2020 AWARDS WINNER** **2019 AWARDS WINNER**

The Evo270 has been awarded the Hot Water Product Review Award for the last consecutive three years, after being recognised by Australian consumers for its advanced energy efficiencies and smart features.

ProductReview.com.au is one of the most trusted online review sites for Australian consumers seeking real options and reviews. Their annual awards highlight products and services that have been recognised as the best and most reliable purchasing choice available to Australian consumers.
